PROJECT EARTH

SUPER STICKY STUFF

Explore the nature of natural and synthetic sticky stuff! Find out what sticks to walls and push the power of tape to the limits in this adhesive hour on things that cling!

LIFE IN THE SEA

Swim through warm sunlit zones, meander into deeper waters and dive deep down into the abyss. Explore the technologies (man-made and biological) that can take us there!

BUGS!

Examine a world within our own! Create a buzz about insect defenses and find out exactly what it means to be bug-eyed!

EARTHWORKS

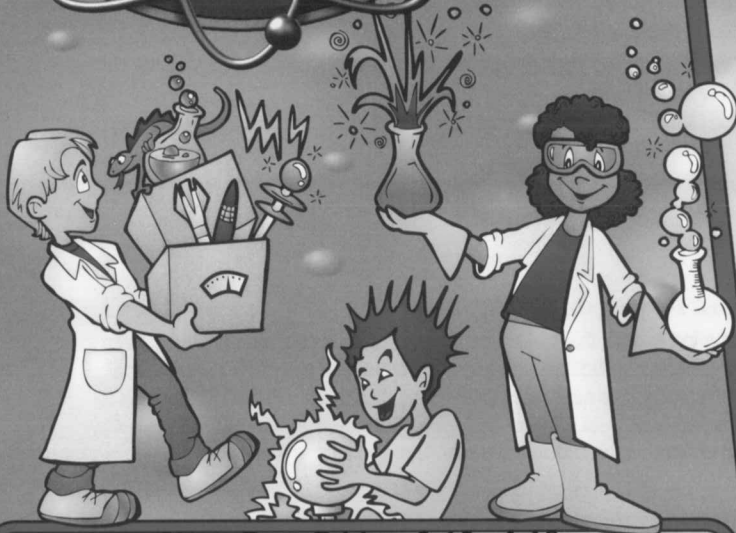

Travel to the center of the planet to unlock the mysteries of our Earth! Discover fluorescent minerals and investigate the inner workings of earthquakes and volcanoes.

ALL ABOUT ANIMALS

Carnivores, Herbivores and Omnivores, oh my! Learn to identify sounds of the animal world. Explore paws and claws and the animals that use them to survive.

MAGNETIC MAGIC

Investigate the invisible power of magnetic fields! Learn about the Earth, the largest magnet, and put magnets to the test during the electromagnetic tug-of-war!
